Cautions for Use
1. Stop using the product in case of the following abnormalities and consult your skin specialist to avoid aggravation by continuous use.
(1) In case of having red spot, swelling, itching or irritation while in use of the product (2) In case of having aforementioned abnormalities on the applied part by direct sunlight (3) Do not use on the part of wound, eczema or dermatitis. (4) Storage and caution for handling
(1) Tightly close the cap after use. (2) Keep in a place avoiding high or low temperature and direct sunlight.
(3) Keep in a place avoiding high or low temperature and direct sunlight.
4. When using the product for the first time, check skin abnormality after applying the product to small area.

Evening Use | Spread enough amount of product like moisture pack. When using sheet or argan oil. You may have moist and soft feeling on the next day. Finish with cream or gel mask pack or gum pack, it will give you deeper moisture after applying hyaluronic acid concentrate.
Morning Use | You may use the product independently because it is moisture essence with fast absorption and without oily feeling. It is good to apply after mixing small amount of the product with essence, lotion, cream, sun cream or BB cream. Upon applying independently, it sustains deep moisture when finishing with moisture cream or oil.

How To Use | After face wash in every morning and evening, take 1-2 drops of the product and spread lightly to be absorbed well. The concentrate can be used at any stage of skin care. You can apply the most convenient and suitable item from light texture to heavy texture.

Ingredients | Sodium hyaluronate
It contains moisture and provides moisture to fill the skin. This undiluted moisture solution ampoule supplies moisture without stickiness even applying one drop.
