Drug Facts

ACTIVE INGREDIENTS

Salicylic acid 2%

Purpose

Acne treatment

Uses

- For the treatment of acne.
- Penetrates pores to control blackheads and whiteheads.
- Helps prevent the development of new acne blemishes.

Warnings

For external use only

When using this product skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication .

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Clean the skin thoroughly before applying this product.
- Cover the entire affected area with a thin layer one to three times daily.
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed as directed by a doctor.
