TRIDERMA Acne Spot Treatment

Drug Facts

Active ingredient

Benzoyl Peroxide 2.5%

Purpose

Acne Treatment

Uses •for the treatment of acne •clears acne blemishes •helps prevent new blemishes from forming.

Warnings For external use only.

When using this product •avoid unnecessary sun exposure and use a sunscreen •avoid contact with the eyes, lips and mouth •avoid contact with hair and dyed fabric, which may be bleached by the product •skin irritation may occur, characterized by redness, burning, itching, peeling or possibly swelling. Irritation may be reduced by using the product less frequently or in a lower concentration.

Stop use and ask a doctor if •irritation becomes severe.

Keep out of reach of children. If swallowed get medical help or contact a Poison Control Center right away.

Directions •clean the skin thoroughly before applying the product •cover the entire affected area with a thin layer 1 to 3 times daily •because excessive drying of the skin may occur, start with 1 application daily, then gradually increase 2 to 3 times daily if needed or directed by a doctor •if bothersome dryness or peeling occurs, reduce application to once a day or every other day •if going outside, apply sunscreen after using this product. If irritation or sensitivity develops, stop use and ask a doctor.

Other information •store at room temperature •keep carton for important information.

Inactive ingredients: water, olive oil glycereth-8 esters, carbomer, aloe barbadensis leaf juice *, sodium hydroxide, phenoxyethanol. *Certified Organic Ingredient - Mayacert Certifier
