

CLEAR NICOTINE TRANSDERMAL SYSTEM PATCH- nicotine patch
Zhejiang Longmed Medical Technology Co., Ltd.

Clear Nicotine Transdermal System Patch

Nicotine 28mg

Stop smoking

Use reduces withdrawal symptoms, including nicotine craving, associated with quitting smoking

If you are pregnant or breast-feeding, only use this medicine on the advice of your health care provider.

Ask a doctor before use if you have heart disease, recent heart attack, or irregular heartbeat.

Nicotine can increase your heart rate.

high blood pressure not controlled with medication. Nicotine can increase your blood pressure.

an allergy to adhesive tape or have skin problems, because you are more likely to get rashes.

stomach ulcer or diabetes.

history of seizures.

if you have vivid dreams or other sleep disturbances remove this patch at bedtime.

skin redness caused by the patch does not go away after four days, or if your skin swells, or you get a rash.

irregular heartbeat or palpitations occur.

you get symptoms of nicotine overdose, such as persistent nausea, vomiting, dizziness, weakness and rapid heartbeat.

you have symptoms of an allergic reaction (such as difficulty breathing or rash).

Keep out of reach of children and pets.

If you are under 18 years of age, ask a doctor before use.

Before using this product, read the enclosed self-help guide for complete directions and other information.

Begin using the patch on your quit day. If you smoke more than 20 cigarettes per day, use the following schedule below.

Apply one new patch every 24 hours on skin that is dry, clean and hairless.

Wash hands after applying or removing patch. Save pouch to use for patch disposal.

Dispose of the used patches by folding sticky ends together and putting in pouch.

The used patch should be removed and a new one applied to a different skin site at the same time each day.

If you have vivid dreams, you may remove the patch at bedtime and apply a new one in the morning.

Do not leave patch on for more than 24 hours because it may irritate your skin and lose strength after 24 hours.

To avoid possible burns,remove patch before undergoing any MRI (magneticresonance imaging) procedures.

It is important to complete treatment. If you feel you need to use the patch fora longer period to keep from smoking, talk to your health care provider.

clove oil
peppermint powder
