Atopalm Acne Controlling Lotion

Active Ingredient

Active Ingredient.....	Purpose
Salicylic Acid 2%	Acne Medication

Use

for the treatment of acne

Warnings

For external use only.

When using this product

- avoid contact with the eyes. If product gets into the eyes, rinse thoroughly with water. - using with other topical acne medications, at the same time, or immediately following use of this product, may increase dryness or irritation of the skin. If this occurs, only one acne medication should be used unless directed by your doctor. - limit use to face and neck

Stop use and ask a doctor

if skin or eye irritation develops.

Keep out of reach of children

Keep out of reach of children.

Ask Doctor

In case of accidental ingestion, get medical help or contact a Poison Control Center immediately.

Directions

cleanse skin thoroughly before applying medication - cover entire affected area with a thin layer one to three times daily - because excessive drying of the skin may occur, start with one application daily, then gradually increase to 2 or 3 applications daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Other information

- store in a cool, dry place - keep outer packaging for precautions and directions
