Ask Doctor

irritation occurs, there is no improvement within 4 weeks (for athlete's foot and ringworm).

Keep Out Of Reach Of Children

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

1□soften and dry the nails soak your feet or hands in warm water to soften the nail, and dry the affected area

2□file the affected nail gently file the infected area to remove dead cells and prepare for treatment

3□apply antifungal solution apply the antifungal liquid to the nail and surrounding area. let it absorb fully into the nail

4□wrap with fungal nail patch

Peel off the backing. align the hydrogel with the nail, and wrap the patch tightly around the toe or finger. Ensure the antifungal liquid stays in contact with the hydrogel areas only

5□use 2-3 times a day for 3-6 months. It's better to use the liquid and patches together at night.
