Active Ingredients

Salicylic Acid 1.05%

Purpose

Acne treatment

Uses

- Treats acne
- Helps prevent the development of new acne blemishes

Warnings

For external use only

When using this product

skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center immediately.

Directions

- After cleansing, cover the affected area with a thin layer one to two times per week.
- Because excessive drying of the skin may occur, start with one application (weekly), then gradually increase to two times weekly, if needed or as directed by a doctor.
- If bothersome dryness or peeling occurs, reduce application to every other week.
