

VIVIDSENSIGUARD- sodium fluoride gel, dentifrice
Pearson Dental Supply Co.

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, [click here](#).

Active Ingredient

Sodium Fluoride 1.1%
(0.5% Fluoride Ion)

Indications

Self-topical neutral 1.1% sodium fluoride for use as a dental caries and hypersensitivity preventative in adults and pediatric patients.

Directions

Adults and children six years of age and older should brush with Vivid SensiGuard™ gel once at bedtime (or as directed). Apply a thin bead of gel to toothbrush and brush for at least one minute, making sure all tooth surfaces are covered. **ADULTS:** expectorate thoroughly. Do not rinse, drink or eat for at least 30 minutes after use. **CHILDREN SIX YEARS OF AGE AND OLDER:** expectorate and rinse thoroughly. If recommended by your dental professional, this product can be used in place of your regular toothpaste. Read all instructions and prescribing information before using this product.

Warning

Do not swallow. To avoid ingestion, supervision is required while children are using this product. Swallowing excessive amounts of fluoride could cause dental fluorosis. **KEEP OUT OF REACH OF CHILDREN AND INFANTS.**

Precautions

Federal (U.S.A.) Law prohibits dispensing without prescription. Store at controlled room temperature 68° - 77° F (20°C - 25°C).
