Directions

Dots:

For products applied to and left on the skin:

- Cleanse thoroughly before applying this product
- Cover the entire affected area with one dot
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times a daily if needed or as directed by a doctor
- If bothersome dryness or peeling occurs, reduce application to once a day or even every other day
- **Sensitivity Test for a New User:** Apply product sparingly to one or two small affected areas during the first 3 days. If no discomfort occurs, follow the directions stated above.

Serum:

For products applied to and left on the skin:

- Clean the skin thoroughly before applying this product
- Cover the entire affected area with a thin layer one to three times daily
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day
- **Sensitivity Test for a New User:** Apply product sparingly to one or two small affected areas during the first 3 days. If no discomfort occurs, follow the directions stated above.

Moisturizer:

- AM/PM: After cleansing and applying serum or treatment steps, massage a dime-sized amount onto face, neck and decollete. Follow with SPF in the AM.
- **Sensitivity Test for New Users:** Apply product to a small area once a day for 3 days to test if you are sensitive to this product.

Cleanser:
