**Ask a doctor if**

**Stop use and ask a doctor if**

pain worsens or persists, or if you experience any of these symptoms: burning, itching, rash, or other changes in the skin where the product was placed.

**USES**

Temporarily relieves from fever discomfort, headache, toothache, muscle ache, joint soreness, drowsiness, fatigue and sunstroke.

**Other information**

Store in a cool place avoiding direct sunlight and high temperature. May even be stored in refrigerator for extra cooling. Do not store in freezer.

For sanitary purposes, use each sheet only once and discard after use.

**Directions**

Clean and dry the skin

Pick out patch

Peel off film

Stick to skin

Note: If desired, cut gel sheet to suitable size with scissors.

## Dosage & administration

Apply as needed, do not re-use.

## When using this product

Do not wear this product directly on skin.

Be aware of low-temperature burns.

## Warning

For external use only. Avoid direct contact with eyes. If excessive redness, irritation, burning or discomfort of the skin develops, discontinue use and consult a physician immediately. Do not apply to wounds or to irritated, damaged, sunburned or very sensitive skin. The cooling gel sheet will not stick to skin if the skin is wet or if the gel sheet comes into contact with hair, eyebrows or clothing. Keep out of the reach of children. Consult physician if fever persists or condition worsens.
