

**LOTRIMIN ANTIFUNGAL- miconazole nitrate aerosol, powder**  
**Bayer Healthcare LLC.**

-----  
**Lotrimin**®

**Antifungal**

***Drug Facts***

**Active ingredient**

Miconazole nitrate 2%

**Purpose**

Antifungal

**Uses**

- proven clinically effective in the treatment of most athlete's foot (tinea pedis), jock itch (tinea cruris) and ringworm (tinea corporis)
- for effective relief of itching, cracking, burning, scaling and discomfort

**Warnings**

**For external use only**

**Flammable:** Do not use while smoking or near heat or flame

**Do not use** on children under 2 years of age except under the advice and supervision of a doctor.

**When using this product**

- avoid contact with the eyes
- use only as directed. Intentional misuse by deliberately concentrating and inhaling contents can be harmful or fatal
- contents under pressure. Do not puncture or incinerate. Do not store at temperature above 120°F.

**Stop use and ask a doctor if**

- irritation occurs
- there is no improvement within 4 weeks (for athlete's foot and ringworm) or 2 weeks (for jock itch)

**Keep out of reach of children.** If swallowed, get medical help or contact a Poison Control Center right away.

**Directions**

- wash affected area and dry thoroughly
- shake can well and spray a thin layer over affected area twice daily (morning and night)
- supervise children in the use of this product
- for athlete's foot: pay special attention to spaces between the toes; wear well-fitting, ventilated shoes and change shoes and socks at least once daily
- for athlete's foot and ringworm, use daily for 4 weeks; for jock itch, use daily for 2 weeks
- if condition persists longer, ask a doctor
- this product is not effective on the scalp or nails
- in case of clogging, clean nozzle with a pin

### **Other information**
