# EUTHYMOL™

*Whitening*

*Euthymol is a British oral care brand dating back to 1898. It has been loved for its distinctively strong flavor and vintage British heritage design since 1898.*

*Masquerade was an important event to British socialites in the late 1800s. Since the masks covered most of their faces, noblewomen had no choice but to use scents to outstand others. Euthymol toothpaste gained word of mouth among socialites with the need to impress others with fragrance. With its distinctively strong and highly addictive flavor, it was natural for people to gather around those who used Euthymol. This is the story behind Euthymol becoming the representative of the Royal British lifestyle.*

*Experience glamorous and gorgeous moments from Euthymol, representing the Royal British lifestyle.*
