

**ORGANIC AND PLANT-BASED VULVOVAGINAL CARE- echinacea purpurea,
wood creosote, thuja occidentalis leafy twig suppository
MOMOTARO APOTHECA LLC**

Disclaimer: This homeopathic product has not been evaluated by the Food and Drug Administration for safety or efficacy. FDA is not aware of scientific evidence to support homeopathy as effective.

ORGANIC AND PLANT-BASED VULVOVAGINAL CARE

Active ingredients

Echinacea purpurea 12X HPUS

Kreosotum 12X HPUS

Thuja occidentalis 12X HPUS

Purpose

Purpose

Relieve symptoms of vaginal yeast infection

Uses

For the relief of symptoms associated with vaginal yeast infection, including:

- irritation
- burning
- itching
- discharge.

Warnings

For vaginal use only. Not for oral consumption.

Stop use and ask a doctor if:

- You have symptoms of pelvic inflammatory disease (PID) or a sexually transmitted infection (STI)
- Symptoms last more than 7 days.
- • You get a rash or hives, abdominal pain, fever, chills, nausea, vomiting, or foul-smelling vaginal discharge.

If pregnant or breast-feeding, consult a licensed medical professional prior to use.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away (1-800-222-1222).

Ask a doctor before use if you have

- Lower abdominal, back or shoulder pain, fever, chills, nausea, vomiting, or foul-smelling discharge. You may have a more serious condition.
- Recurring vaginal yeast infections (once a month). You could be pregnant or have a serious underlying medical cause for your symptoms, including diabetes or a weakened immune system.
- You have an STI (sexually transmitted infection) or PID (pelvic inflammatory disease).

- You have frequent and painful urination.

When using this product

- Do not have vaginal intercourse (sex).
- Do not use tampons, douches, spermicides, or other intravaginal products.
- Do not use condoms or diaphragms. They may be damaged by this product and fail to prevent pregnancy or transmission of sexually transmitted infections (STIs)

Directions

Directions For individuals 13 years or older. Use only as directed. Remove one suppository from its wrapper. With clean hands, use index finger to insert suppository into the vagina. Use suppository once or twice daily as symptoms require for up to seven days. Leakage and discharge is normal while using this product. Can be used with organic liner to protect your underwear.

Other information

Other Information

- Suppositories are not contraceptives and should not be used to prevent pregnancy.
- Do not use if seal is broken. • Store at room temperature, can be refrigerated before use. Expiration date and lot number are found on the bottom of the box

Inactive Ingredients

Beeswax (Cera Alba), Calendula Flower (calendula officinalis) Extract, Cocoa Butter (Theobroma cacao), Coconut Oil (Cocos nucifera), Ethyl Alcohol, Jojoba Oil (Simmondsia chinensis), Oregon Grape Root (Mahonia aquafolium) Extract, Tea Tree Oil (Melaleuca alternifolia)".

Questions or comments?

1-(833)-777-8462

Do not use

Do not use if you have never had vaginal yeast infection diagnosed by a doctor. A yeast infection can have similar symptoms to bacterial vaginosis, so if this is the first time you are experiencing symptoms seek medical evaluation from your doctor.
