

AFLORA- multivitamin tablet
Oncora Pharma, LLC

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

Aflora is a prescription multivitamin/multimineral dietary supplement.

Aflora is a prescription multivitamin/multi-mineral dietary supplement formulated for the clinical dietary management of a suboptimal nutritional status in patients where advanced folate, vitamin B supplementation, and maintenance of good health is needed.

Aflora is contraindicated in patients with a known hypersensitivity to any of the ingredients.

Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where Vitamin B 12 deficient. Folic acid in doses above 1.0 mg daily may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations progress.

WARNING Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of the reach of children. In the case of accidental overdose, call a doctor or poison control center immediately.

Allergic sensitization has been reported following both oral and parenteral administration of folic acid. You should call your doctor for medical advice about serious adverse events. To report adverse side effects or to obtain product information, contact Oncora Pharma at 888-321-2821.

One tablet daily or as directed by a physician.

Bottles of 30 Tablets (85477-904-30). Tablet is light blue, oblong.

*Oncora Pharma does not represent this product's code to be National Drug Code (NDC). Product codes are formatted according to standard industry practice, to meet the

formatting requirement by pedigree reporting and supply-chain control including pharmacies.

This product is a prescription-folate with or without other dietary ingredients - due to

increased folate levels increased risk associated with masking B12 deficiency (pernicious anemia) requires administration under the care of a licensed medical practitioner (64 FR 8760). 1-3 the most appropriate way to ensure pedigree reporting consistent with these regulatory guidelines and safety monitoring is to dispense this product only by prescription.

This is not an Orange Book product. This product may be administered only under a physician's supervision and all prescriptions using this product shall be pursuant to state statutes as applicable. The ingredients, indication or claims of this product are not to be construed to be Drug claims.

1.) Federal register Notice of August 2, 1973 (39 FR 20750)

2.) Federal Register Notice of October 17, 1980 (45 FR 69043, 69044)

3.) Federal register notice of March 5, 1996 (61 FR 8760)

Storage and Handling

STORAGE: Store at 20- 25 degree C (68-77 F) excursions permitted to 15-30 degree C (59-86 F) {See USP controlled Room Temperature} Avoid excessive heat, light and moisture.

TAMPER EVIDENT: Do not use if seal is broken or missing.
