NSAID warning, Do not use section

For external use only

Stomach bleeding warning: This product contains a NSAID, which may cause stomach bleeding. The chance is small but higher if you:

- are age 60 or older
- have had stomach ulcers or bleeding problems
- take a blood thinning (anticoagulant) or steroid drug
- take other drugs containing NSAID (aspirin, ibuprofen, naproxen, or others)
- have 3 or more alcoholic drinks every day while using this product

Do not use:

- on the face or rashes
- on wounds or damaged skin
- if allergic to aspirin or other NSAIDs
- with a heating pad
- when sweating (such as from exercise or heat)
- any patch from a pouch that has been open 14 days or more days
- right before or after heart surgery
- do not bandage tightly

When using this product

When using this product

wash hands after applying or removing patch. Avoid contact with eyes. If eye contact occurs, rinse thoroughly with water. The risk of heart attack or stroke may increase if you use more than directed or for longer than directed.

Stop use section

Stop use and ask a doctor if

- condition worsens
- symptoms last for more than 7 days or clear up and occur again within a few days
- you experience signs of stomach bleeding, such as feeling faint, vomiting blood, or have bloody or black stools
- redness or swelling occurs
- a burning sensation occurs

If pregnant or breast-feeding section

Ask a doctor before use while breastfeeding and during the first 6 months of pregnancy. Do not use during the last 3 months of pregnancy because it may cause problems in the unborn child or complications during delivery.

Keep out of reach of children section

If put in mouth, get medical help or contact a Poison Control Center right away. Package not child resistant. Dispose of the used patches after folding sticky ends together.

Directions section

Adults and children 10 years of age and older:

only use one patch at a time

clean and dry affected area

remove patch from backing film and apply to skin (see illustration)

apply 1 patch to the affected area or intact skin up to 36 hours

do not use more than 2 patches per day

do not use for more than 3 days in a row unless prescribed and instructed by a healthcare provider

the used patch should be removed from the skin when a new one is applied
