

CREOMULSION COUGH MEDICINE ADULT FORMULA- dextromethorphan hydrobromide syrup
Socius Care, LLC

Creomulsion Cough Medicine Adult Formula Drug Facts

Active Ingredient

In each (3 tsp) 15 ml Dextromethorphan HBr, USP 20 mg

Purpose

Cough Suppressant

Uses

- Temporarily relieves cough due to minor throat and bronchial irritation as may occur with a cold.

Warnings

Do not use if you are now taking prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric; or emotional conditions, or Parkinson's disease),

or for 2 weeks after stopping the MAOI drug. If you do not know if your prescription drug contains an MAOI, ask a doctor or a pharmacist before taking this product.

Ask a doctor before use if you

- have cough that occurs with too much phlegm (mucus)
- have cough that lasts or is chronic such as occurs with smoking, asthma, chronic bronchitis, or emphysema.

Stop use and ask a doctor if

- cough lasts more than 7 days, comes back, or is accompanied by fever, rash, or persistent headache. These could be signs of a serious condition.

If pregnant or breast feeding, ask a health professional before use.

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

Directions

- Do not take more than 6 doses in any 24 period. Use enclosed dose cup.

Adults and children 12 years and over	15mL (3 tsp) every 4 hours
Children under 12 years	do not use

Other Information

How Creomulsion Cough Medicine Works?

The Creomulsion Cough Medicine contains a safe and effective cough suppressant which acts by temporarily calming the cough control center to relieve coughs. Its rich, traditional base coats and soothes raw, irritated membranes. It contains no dyes, no alcohol, and no artificial sweeteners.

Creomulsion

ADULT FORMULA

Warnings: A persistent cough may be a sign of a serious condition. If cough persists for more than 1 week, tends to recur, or is accompanied by a fever, rash, or persistent headache, consult a doctor. Do not take this product for persistent or chronic cough such as occurs with smoking, asthma, chronic bronchitis, emphysema, or if cough is accompanied by excessive phlegm (mucus) unless directed by a doctor. As with any drug, women who are pregnant or nursing a baby should seek the advice of a health professional before using this product.

Drug Interaction Precaution: Do not take this product if you are now taking a prescription monoamine oxidase inhibitor (MAOI) (certain drugs for depression, psychiatric or emotional conditions, or Parkinson's disease), or for 2 weeks after stopping the MAOI drug. If you are uncertain whether your prescription drug contains an MAOI, consult a health professional before taking this product. In case of accidental overdose, seek professional assistance or contact a poison control center immediately.

KEEP THIS AND ALL DRUGS OUT OF THE REACH
