BETADINE®

surgical scrub

Povidone-iodine, 7.5%

For Veterinary Use Only

Active ingredient

Povidone-iodine, 7.5% (0.75% available iodine)

Purpose

Antiseptic

Uses

- for preparation of the skin prior to surgery
- helps to reduce bacteria that potentially can cause skin infection

Warnings

For external use only

Do not use

- in the eyes
- on food-producing animals

When using this product

- do not heat prior to application
- prolonged exposure to wet solution may cause irritation or, rarely, severe skin reactions
- in pre-operative prepping, avoid "pooling" beneath the animal

Stop use and ask a veterinarian

- if irritation and redness develop
- in rare instances of local irritation or sensitivity

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away

Directions

Pre-operative skin preparation:

- after the surgical area is clipped, wet it with water
- apply Scrub (1 cc is sufficient to cover an area of 20-30 square inches), develop lather and scrub thoroughly for about 5 minutes
- rinse off using sterile gauze saturated with water
- the area may then be painted with BETADINE Solution Veterinary and allowed to dry
- for use on companion animals, including dogs, cats, and horses

Other Information

- store at 25°C (77°F); excursions permitted between 15°-30°C (59°-86°F)
- store in original container

Inactive Ingredients

ammonium nonoxynol-4 sulfate, nonoxynol-9, purified water, sodium hydroxide
