Acne Treatment

- For the treatment of acne
- Helps prevent new acne blemishes

For external use only

If you are under 2 years of age.

- Skin irritation and dryness are more likely to occur when using another topical acne product at the same time. If irritation occurs, use only one product at a time
- Avoid eye area. In case of eye contact, flush gently and thoroughly with water

If swallowed, get medical help or contact the Poison Control Center right away

- Clean the skin thoroughly before applying this product.
- Cover the entire affected area with a thin layer one to three times daily.
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three daily if needed or as directed by a doctor.
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
- Test for a New User. Apply product sparingly to one or two small affected areas during the first 3 days. If no discomfort occurs, follow the directions stated elsewhere on this label.

Store at room temperature and out of direct sunlight. Keep the cap tightly closed after use
