Refill Instructions

- 1 Remove the old box from the cabinet by hooking your index finger behind the circular cut-out on the bottom front of the box and pulling straight out, releasing the box from its snapped position.
- 2 Insert the new box into the opening with the hole facing toward you, snapping it into place.
- 3 Grip the upper half of the box front with your index finger and thumb. Pull the top half of the box up and out, separating it at the perforation.
