

ZO SKIN HEALTH POST PROCEDURE RECOVERY SYSTEM- aluminum acetate
ZO Skin Health, Inc.

ZO ® Skin Health Post Procedure Recovery System

Drug Facts

<i>Active Ingredient</i>	<i>Purpose</i>
Aluminum Sulfate Tetradecahydrate, 2850 mg	Astringent *
Calcium Acetate Monohydrate, 2016 mg	Astringent *

* When combined together in water, these ingredients form the active ingredient aluminum acetate. See Directions

Uses

- For temporary relief of minor skin irritations due to rashes caused by soaps, detergents, cosmetics, or jewelry.

Warnings

For external use only.

When using this product

- avoid contact with eyes. If contact occurs, rinse thoroughly with water.
- do not cover compress or wet dressing with plastic to prevent evaporation
- in some skin conditions, soaking too long may overdry

Stop use and ask a doctor if

- condition worsens or symptoms persist for more than 7 days

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- dissolve 1 packet in 12 oz. of cool or warm water.
- stir until fully dissolved; do not strain or filter.

The resulting mixture contains 0.45% aluminum acetate and is ready for use.

For use as a compress or wet dressing:

- soak a clean, soft cloth in the solution
- apply cloth loosely to affected area for 15 to 30 minutes
- repeat as needed or as directed by a doctor
- discard solution after each use

Inactive Ingredients

Water, Dextrin, Avena Sativa (Oat) Kernel Protein, Glycine Soja (Soybean) Protein, Whey Protein, Potassium Sorbate, Chitosan.

Other Information

- Store at controlled room temperature: 15-30°C (59-86°F), away from direct sunlight.
- You may report a serious adverse reaction to: 5 Technology Dr. Irvine, CA 92618

Dist. by ZO Skin Health, Inc. Irvine, CA 92618

1 5

POMATROL® Soothing Ointment

50 mL / 1.7 Fl. Oz.

DIRECTIONS Use for the first four days post-procedure. After gently cleansing affected area and/or after applying Surfamol®, an astringent solution compress, apply a thin coat of ointment and gently massage onto skin to protect and keep out airborne dirt and debris. This helps suppress dryness and scabbing. Applying too much ointment can cause premature skin peeling and increase the likelihood of post-procedure acne. Can also be used whenever skin feels dry or uncomfortable.

CAUTION For external use only. Use only as directed. Keep out of eyes. If contact occurs, rinse thoroughly with cool water. Keep out of reach of children. If rash or other adverse reaction occurs, discontinue use and contact your doctor.

INGREDIENTS Water, Hydrogenated Polyisobutene, Caprylic/Capric/Myristic/Stearic Triglyceride, Glycerin, Tribehenin, PEG-15/Lauryl Dimethicone Crosspolymer, Helianthus Annuus (Sunflower) Seed Oil, Beta-Glucan, Polyglyceryl-4 Isostearate, Cetyl PEG/PPG-10/1 Dimethicone, Triethylhexanoïn, Polymethyl Methacrylate, Phenoxyethanol, Magnesium Sulfate, Hexyl Laurate, Brassica Oleracea Italica (Broccoli) Extract, Avena Sativa (Oat) Kernel Flour, Panthenyl Triacetate, Fragrance, Ethyl Linoleate, Erythritol, Chlorphenesin, C12-15 Alkyl Benzoate, Tocopheryl Acetate, Oleyl Alcohol, Butylene Glycol, Acetyl Tyrosine, Aminopropyl Dihydrogen Phosphate, Proline, Ubiquinone, Retinyl Palmitate, Ascorbic Acid, Tocopherol, Hydrolyzed Vegetable Protein, Adenosine Triphosphate, Disodium Acetyl Glucosamine Phosphate, Sodium Hyaluronate, Sodium Benzoate, Potassium Sorbate, PEG-35 Castor Oil, PEG-12 Glyceryl Laurate, Homarine HCL, PVP, Disodium EDTA.

HYDRATING CRÈME

Net Wt. 113 g / 4 Oz.

DIRECTIONS Apply to clean, dry skin as needed.

WARNINGS For external use only. Avoid contact with

POST PROCEDURE RECOVERY SYSTEM

The Post Procedure Recovery System, developed by Zein Obagi MD, is the most effective program for post procedure skin management. This post procedure recovery system is designed for use after laser resurfacing procedures, chemical peels or any combined ablative treatment. The three products are formulated to synergistically deliver the most advanced technology available to protect and soothe skin while natural re-epithelialization of the skin is completed.

POMATROL[®] Soothing Ointment: A semi occlusive ointment that will keep skin moist and keep out airborne dirt and debris, providing an environment for skin recovery to begin.

HYDRATING CRÈME: Delivers hydrating and calming benefits for post-procedure or dry and irritated skin. Formula rejuvenates skin renewal while improving appearance of fine lines and wrinkles.

SURFATROL[®] Astringent Solution Powder: Soothing, effective solution that when mixed with water and applied to skin, provides ultimate skin relief to calm irritation, which is important in helping to prevent scabbing and to guard against other normal post procedure reactions.
