

GURUNANDA SENSITIVE- potassium nitrate paste
GURUNANDA, LLC

GN Sensitive Toothpaste

Active ingredient

Potassium nitrate 5%

Purpose

Antihypersensitivity

Use

Builds increasing protection against painful sensitivity of the teeth to cold, heat, acids, sweets, or contact

Warnings

Warnings

When using this product

if pain/sensitivity still persists after 4 weeks of use, stop use and contact your dentist.

Stop use and ask a dentist

if the problem persists or worsens. Sensitive teeth may indicate a serious problem that may need prompt care by a dentist.

Keep out of reach of children.

If more than used for brushing is accidentally swallowed, get medical help or contact a Poison Control Center right away (1-800-222-1222)

Directions

Adults and children 12 years of age and older:

- Apply at least a 1-inch strip of the product onto a soft bristle toothbrush. Brush teeth thoroughly for at least 1 minute twice a day (morning and evening) or as recommended by a dentist or doctor.
- Make sure to brush all sensitive areas of the teeth.

Children under 12 years of age:

- Consult a dentist or doctor

Other information

Do not use if the foil seal on the tube is broken or missing
