Hyaluronic acid is a naturally occurring substance in your skin that helps to retain moisture and keep your skin hydrated. It is a natural component of your skin's extracellular matrix and helps to maintain its structure and function.

Active ingredients: Hyaluronic acid, Vitamin C, Vitamin E, Niacinamide, and other skin care ingredients.

Benefits: Hyaluronic acid helps to retain moisture in your skin, keeping it hydrated and plump. It also helps to improve skin texture and tone, and can help to reduce the appearance of fine lines and wrinkles. Vitamin C and Vitamin E are antioxidants that help to protect your skin from damage caused by free radicals. Niacinamide helps to improve skin barrier function and can help to reduce the appearance of acne and other skin conditions.

How to use: Apply a small amount of the product to your face twice a day, morning and evening. Gently massage it into your skin until it is fully absorbed. For best results, use it after cleansing your face and before applying your moisturizer.

Warnings: For external use only. Do not use on damaged or irritated skin. Avoid use if you are pregnant or breastfeeding. Consult your doctor if you are taking any medications.

Storage and shelf life: Store in a cool, dry place. Shelf life is 12 months.

Application: Apply a small amount of the product to your face twice a day, morning and evening. Gently massage it into your skin until it is fully absorbed. For best results, use it after cleansing your face and before applying your moisturizer.
