## **Drug Facts**

Salicylic Acid (0.5%)

Acne treatment

#### Uses

For the management of acne.

## **Warnings**

For external use only

When using this product ■ skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time. ■ avoid contact with eyes. If contact occurs, immediately flush with water.

**Keep out of reach of children**. If swallowed, get medical help or contact a Poison Control Center right away.

#### **Directions**

clean the skin thoroughly before applying this product. ■ cover the entire affected
area with a thin layer one to three times daily. ■ because excessive drying of the skin
may occur, start with one application daily, then gradually increase to two or three
times daily if needed or as directed by a doctor. ■ if bothersome dryness or peeling
occurs, reduce application to once a day or every other day.
