

FERROUS SULFATE 324MG ENTERIC COATED- ferrous sulfate tablet, delayed release

Nationwide Pharmaceutical, LLC

Ferrous Sulfate Enteric-Coated Tablets

CONTAINS

Each tablet contains 324 mg of ferrous sulfate, equivalent to 65 mg of elemental iron, providing 362% of the U.S. recommended daily intake (RDI) of iron for adults and children 4 and older.

WARNINGS

Do not take within 2 hours of taking oral tetracycline antibiotics, since oral iron products tend to interfere with absorption of tetracycline. May cause gastrointestinal discomfort, nausea, constipation or diarrhea. If you are pregnant or nursing a baby, seek the advice of a health professional before using this product. U.S. Consumer Product Safety Commission requires that iron-containing medicines and vitamins with iron be packaged in child-resistant closures. Parents should always properly resecure safety closures.

DIRECTIONS FOR USE

Do not crush or chew tablets.

Adult Serving Size: 1 tablet two to three times daily.

Children: Consult a physician.

STORAGE

Store at 15-30°C (58-86°F)
