salicylic acid cream
THG Beauty USA LLC**

Salicylic Acid 0.5%

Acne Treatment

- For the treatment of acne.
- For external use only.
- When Using This Product Skin irritation and dryness are more likely to occur if you use another topical acne medication at the same time.
- If irritation occurs, only use one topical acne medication at a time.
- Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Shake well. Apply a thin, even layer to skin in the evening.
For best results, use after cleansing with ACNE RELIEF Gentle & Soothing Cleanser.
- Clean the skin thoroughly before applying this product.
- Cover the entire affected area with a thin layer one to three times daily.
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
- Sensitivity Test for a New User Apply product sparingly to one or two small affected areas during the first 3 days.
If no discomfort occurs, follow the directions stated above.
