- strains
- bruises
- sprains

Warnings

For external use only

Do not use

- on wounds or on irritated or damaged skin
- with a heating pad
- if you are allergic to any ingredients of this product

When using this product

- use only as directed
- do not bandage tightly
- avoid contact with the eyes or mucous membranes
- do not expose the area to local heat or direct sunlight
- a transient burning sensation may occur upon application but generally disappears in several days
- avoid applying into skin folds

Stop use and ask a doctor if

- condition worsens or symptoms persist for more than 7 days
- symptoms clear up and occur again within a few days
- redness is present or excessive irritation occurs
- you experience severe burning, pain, swelling, or blistering where the product is applied

If pregnant or breast-feeding,

ask a health professional before use.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- **Adults and children 12 years of age and older:**
- remove backing from patch by firmly grasping both ends and gently pulling until backing separates in the middle
- place exposed portion of patch backing to affected area and press to skin
- carefully remove the remaining film while pressing the patch firmly on the skin
- use on affected area not more than 3 to 4 times daily.
- use one patch per application
- discard after use
- reseal pouch after opening
- wash hands after applying and removing patch
- **Children under 12 years of age:** consult a physician
