EMERGENCY CONTACT:  
CHEMTREC 800-424-9300

**First Aid:**

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.

IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

Immediately call a POISON CENTER or doctor/physician.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

IF exposed or concerned: Get medical advice/attention.

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood.

Do not breathe fume/ gas/mist/vapors/spray. Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Wear protective gloves/ protective clothing/ eye protection/ face protection.

Wash contaminated clothing before reuse.

Store in a well-ventilated place. Keep container closed tightly. Store locked up.

Store above 32 °F (0 °C). If frozen, thaw and mix back into solution. Product quality will not be affected.

**DIRECTIONS:**

Mix 6 gallons of HB Triple Play with 44 gallons of clean water to create final solution for use in footbaths for cattle.

For best results:

Cattle hooves need to be clean prior to walking through the footbath solution to allow complete and effective contact with the hoof.

Solution should be changed after 400-600 cow passes.

Use in conjunction with a total hoof care program including proper hoof trimming, attention to cow comfort and sanitation, correct nutrition and proper footbath management.

Footbath treatments are recommended every other day at a minimum as a good management practice for maintaining healthy hooves.

**Active Ingredients:**

Copper Sulfate.....8.25%  
 Formaldehyde Solution of 37%.....16.7%  
 Inactive ingredients.....75.05%
