Purpose

Topical analgesic

Uses

For temporary relief of minor aches and pains of muscles and joints associated with:

- simple backache
- arthritis
- strains
- bruises
- sprains

Warnings

For external use only

Do not use

- on wounds or damaged skin
- with a heating pad
- if you are allergic to any ingredients of this product

When using this product

- use only as directed
- avoid contact with the eyes and mucous membranes
- do not apply to wounds or damaged skin
- do not apply to irritated skin or if excessive irritation develops
- do not bandage tightly or use with heating pad
- wash hands thoroughly after applying

Stop use and ask a doctor if

- condition worsens
- symptoms persist for more than 7 days
- symptoms clear up and occur again within a few days
- redness is present
- irritation develops
- symptoms persist for more than 10 days in the case of arthritis

If pregnant or breast-feeding

ask a health professional before use.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- adults and children 12 years of age and older: clean and dry affected area, pop apart and partially peel back protective film and apply exposed patch to site of pain
- carefully remove the remaining film while pressing the patch firmly on the skin
- use on affected area not more than 3 to 4 times daily
- use one patch per application
- discard after use
- reseal pouch after opening to store unused patch
- children under 12 years of age: consult a physician
- wash hands after use with cool water

Other information

- store at room temperature, not to exceed 86°F (30°C)
- store in a cool dry place, away from direct sunlight
