

**FUNGICURE NIGHT CREAM- clotrimazole cream**  
**Kobayashi Healthcare International, Inc.**

-----  
**Fungicure Night Cream**

***Active ingredient***

Clotrimazole 1%

***Purpose***

Antifungal

***Uses***

For the cure of most

- athlete's foot (tinea pedis)

For relief of:

- itching
- scaling
- cracking
- burning
- redness
- soreness
- irritation
- discomforts which may accompany this condition.

***Warnings***

**For external use only.**

**Ask a doctor before use**

on children under 2 years of age.

**When using this product**

avoid contact with the eyes.

**Stop use and ask a doctor if**

- irritation occurs
- there is no improvement within 4 weeks.

## **Keep out of reach of children.**

If swallowed, get medical help or contact a poison control center right away.

### ***Directions***

- Clean the affected area and dry thoroughly.
- Apply a thin layer of FUNGICURE Night Cream over the affected area twice daily (morning and night), or as directed by a doctor.
- For athlete's foot, use daily for 4 weeks. If condition persists longer, consult a doctor.
- For athlete's foot: Pay special attention to spaces between toes; wear well fitting, ventilated shoes, and change shoes and socks at least once daily.
- Supervise children in the use of this product.
- This product is not effective on scalp or nails.

### ***Other information***

- Fungicure Night Cream may be applied to exposed nail-beds, to cuticles, around nail edges and under nail tips.
- While not all finger and toe fungal infections are curable with OTC topical medications, if you see improvement within 4 weeks of use, you may continue to use Fungicure Night Cream until satisfactory results are obtained.
- This product is not intended to, nor will it, penetrate hard nail surfaces.
- Keep container tightly closed when not in use.
- Store away from excessive heat and cold.
- You may report serious side effects to the phone number provided under Questions? below.
