Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Olivene®
Diaper Rash

Drug Facts

Active Ingredients

Zinc Oxide 40%

Purpose

Skin Protectant

Uses

- Helps treat and prevent diaper rash
- Protects chafed skin due to diaper rash and helps seal out wetness.

Warnings

For external use only.

When using this product avoid contact with the eyes.

Stop use and ask a doctor if condition worsens or lasts more than 7 days.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Change wet and solid diapers promptly
- Clean the diaper area and allow to dry
- Apply ointment liberally as often as necessary, with each diaper change, especially at bedtime or anytime when exposure to wet diaper may be prolonged.
