USE AS OFTEN AS NEEDED
NON-HABIT FORMING

Directions: For nasal use only.

Before and after each use, expel a short stream of mist into the air to clear nozzle. Insert tip of nozzle into one nostril and press down on the textured area at the base of the nozzle so that a gentle mist coats nasal passages. Blow your nose very gently to clear the mucus out. Repeat for the other nostril.

To flush and irrigate, tilt head to the side over sink. Insert top of nozzle into the top nostril, pressing down on the textured area at the base of the nozzle so that a gentle mist fills sinus passages and flows out the opposite nostril. Repeat in other nostril.

Wipe nozzle after each use.

*Our pharmacists recommend the Walgreens brand. We invite you to compare to national brands.
