**WHY IS THIS PRODUCT RIGHT FOR ME?**

Beyond wrinkles, dull, uneven tone can make skin look older. Daily UV exposure, aging and past acne marks can cause skin to overproduce skin darkening pigment below the surface. As skin's natural ability to shed surface dead skin cells declines with age, dark spots and uneven tone become increasingly more visible, leaving skin looking older and duller.

**THE INNOVATION**

Revitalift Bright Reveal Brightening Moisturizer SPF 30 is inspired by gold standards in brightening, recognized by dermatologists:

- **GLYCOLIC ACID + VITAMIN C + PRO-RETINOL.** In a hydrating moisturizer is clinically tested to help visibly correct the look of dull, uneven tone, lines and wrinkles to reveal radiant, youthful looking clarity.

- **BROAD SPECTRUM SPF 30** sunscreen helps protect against the sun's aging UVA/UVB rays.

Visibly brighten, hydrate and rejuvenate dull, lackluster skin to reveal underlying radiance.
