Antimicrobial

To mitigate symptoms associated with known bacterial vaginosis infections, such as a pungent odor, excessive discharge, as well as discomfort and burning during urination.

For vaginal use only.

Do not use if you have not been diagnosed by a doctor with bacterial vaginosis.

Do not use tampons, douches, spermicides, or other vaginal products.

Avoid vaginal intercourse.

This product may damage condoms and diaphragms, making them less effective at preventing pregnancy or sexually transmitted infections (STIs)

Minor vaginal burning, itching, or irritation may increase.

Symptoms do not improve within 3 days.

Symptoms last more than 7 days.

A rash, hives, abdominal pain, fever, chills, nausea, or vomiting occurs. Irritation becomes severe.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Adults and children 12 years and older:

1. Thoroughly wash your hands and the external vaginal area.
2. Remove the bottom cover and the top cap.
3. Attach the top cap to the base.
4. Press plunger gently.
5. Lie on your back with your knees bent. Gently insert the applicator into the vagina and press plunger fully to release the gel.
6. Withdraw and discard the applicator.
7. Use one applicatorful daily, preferably at bedtime.
