protect the product in this container from excessive heat and direct sun

Directions

wet area to be deansed.

apply acne wash and gently massage area for 1-2 minutes.

rinse thoroughly and pat dry.

cover the entire affected area with a thin layer one to three times daily.

because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.

if bothersome dryness or peeling occurs, reduce application to once a day or every other day.

For external use only

When using this product

avoid contact with the eyes, lips, and mouth. If contact occurs, flush thoroughly with water.

skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.

skin irritation may occur, characterized redness, burning, itching, peeling or possibly swelling. Irritation may be reduced by using the product frequently or in a lower concentration.
