.SOAP. FOR JOCK ITCH- antifungal treatment kit
Beautivity LLC**

85398-022 Initial-73

Miconazole Nitrate 2% (Cream)

Clotrimazole 1% (Soap Bar)

Antifungal

- For effective treatment of most athlete's foot, ringworm and jock itch.
- For effective relief of itching, burning and cracking skin.

For external use only.

Avoid contact with the eye

Irritation occurs or if there is no improvement within 2 weeks for jock itch or within 4 weeks for athlete's foot and ringworm.

Do not use on children under 2 of age except under the advice and supervision of a doctor.

If swallowed, get medical help or contact a Poison Control Center right away.

Cream:

- Clean the affected area and dry thoroughly.
- Apply a thin layer of the product over affected area twice daily (morning and night) or as directed by a doctor.
- Supervise children in the use of this product.
- For athlete's foot, pay special attention to the spaces between the toes; wear well-fitting, ventilated shoes, and change shoes and socks at least once daily.
- For athlete's foot and ringworm, use daily for 4 weeks.
- For jock itch, use daily for 2 weeks.
- This product is not effective on the scalp or nails.

Soap Bar:

- Wash affected area well and let product sit 2-3 minutes before rinsing.
- Make sure to dry affected area thoroughly.
- Supervise children in the use of this product.
- For Athlete's foot: pay special attention to the spaces between the toes; wear well-fitting, ventilated shoes and change shoes and socks at least once daily.
- Use 1-2 times daily. Use daily for 4 weeks; if condition persists longer, ask a doctor.
- This product is not effective on the scalp or nails.

Store at room temperature 59°-86°F (15°-30°C).
