DFV# BOVESNB1

USES: Instantly moisturizes dry nasal passages and clears congestion associated with colds and year-round allergies. May be used as needed, day or night. Safe to use with prescriptions and OTC medications.

DIRECTIONS: For nasal use only. Before and after each use, expel a short stream of mist into the air to clear nozzle. Insert tip of nozzle into one nostril and press down on the textured area at the base of the nozzle so that a gentle mist coats nasal passages. Blow your nose very gently to clear the mucus out. Repeat for the other nostril. Wipe nozzle after each use, and use often as needed.

Use as often as needed.

IMPORTANT NOTE: This product contains hypertonic saline, which has a higher level of salt to draw water out of swollen nasal tissues, allowing for better drainage. It is possible that a hypertonic saline may cause temporary burning or stinging. If this is bothersome, consider using a sterile, isotonic saline mist.
