keep out of reach of children section

Antibacterial and anti-inflammatory

Apply to the affected area to reduce inflammation

Carbomer 940,Triethanolamine,Glycerol,Water

## Firming antibacterial gel

sterilization compact anti-inflammatory  
nourish

**Net content: 5gx5 pieces**

## Drug Information

Drug Information	
Active Ingredient	Purpose
Metronidazole 1%	Gynecological Anti-inflammatory

**Use:** This product is suitable for individuals with anti-HPV infection, vaginitis, pelvic inflammatory disease, cervicitis, vaginal laxity, vaginal dryness, abnormal vaginal discharge, vulvar itching, cervical erosion, burning pain, and related symptoms.

## Warnings

If an allergic reaction occurs, discontinue use immediately to prevent infection. Use may be resumed after the allergic symptoms subside.

**Precaution:** Individuals with allergic tendencies should use with caution. Pregnant women should use with caution.

Do not use on ulcerated or broken skin.

### Directions

Before bedtime, take one unit of the product (ensure hands and external genital area are clean prior to use). Tear open the pouch and remove the product (applicator). Remove the protective cap and pull off the tip cap. Attach the tip cap to the rear of the applicator. Lie flat naturally with your hips slightly elevated and legs apart. Gently insert the applicator into the vagina approximately 6–8 cm, then slowly push the plunger to deliver the entire gel dose at once. Remain in position for 3–5 minutes before slowly withdrawing the applicator (Note: Some leakage after administration is normal).

**Inactive Ingredients:** Carbomer, Triethanolamine, Glycerin, Purified Water.
