### **MetroCleanse**

#### **Indications:**

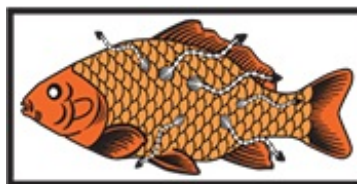

Common Symptoms of Parasitic Diseases.

**ICK:** Small white spots may cover the entire body; fish may rub or scratch against bottom

**PROTOZOAN VELVET:** Tiny yellowish spots, loss of color, rubbing or scratching on bottom

**EXTERNAL PARASITES:** Extra mucous, visible spots or worms, rapid breathing, flashing, scratching or rubbing on rocks

**ICK:** Small white spots may cover the entire body; fish may rub or scratch against bottom

**PROTOZOAN VLVET:** Tiny yellowish spots loss of color, rubbing or scratching on bottom

**EXTERNAL PARASITES:** Extra mucous, visible spots or worms, rapid breathing, flashing, scratching or rubbing on rocks

#### **PREPARATIONS:**

Use of a hospital tank is recommended. No water changes, pH or temperature adjustments necessary if readings are in ideal range (Freshwater pH 6.4 - 7.6 / Saltwater 8.0 - 8.4, temperature 68° to 82° F). Remove all chemical filtration (carbon, ion exchange resins) before and during use.

Turn off UV sterilizer if present during treatment. Aeration and water flow should be maintained.

In marine aquariums turn off protein skimmer during treatment; resume use after completion of treatment.

#### **DIRECTIONS:**

Broadcast Instructions: Remove all invertebrates prior to dosing if using broadcast method. Use 1 packet of MetroCleanse mixed per tablespoon of normal food (adding some water if food is dry). Feed medicated food mix daily until symptoms disappear or up to three weeks. Refrigerate or freeze leftover mix between dosing/feeding. No adjustment of filtration needed when

used with food.

MetroCleanse can easily be removed from system by adding carbon. MetroCleanse is effective against internal and external infections regardless of dosing method.

**ACTIVE INGREDIENT:**

Each packet contains 200 mg Metronidazole.

**WARNING**

This product contains chemicals, including Metronidazole, which is known to the State of California to cause cancer.

**PRECAUTIONS:**

**KEEP OUT OF REACH OF CHILDREN**

**WARNING:**

THIS PRODUCT IS INTENDED FOR THE EXCLUSIVE USE WITH ORNAMENTAL ORGANISMS INDICATED AND IS NOT INTENDED FOR USE WITH OTHER ANIMALS, HUMANS, OR FISH FOR HUMAN CONSUMPTION
