Antifungal

For the treatment of nail fungus and associated symptoms, including discoloration, thickening, splitting, crumbling, and brittleness. . Relieves itching, scaling, cracking, burning, redness, soreness, irritation and discomfort. Helps prevent most athlete's foot (dermatophytosis) with daily use.

Warnings For external use only. Do not use on children under 2 years of age unless directed by a doctor. When using this product, avoid contact with the eyes. Discontinuation occurs or if there is no improvement within 4 weeks. Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Store at room temperature. Avoid direct sunlight.

1. Clean the affected area and dry thoroughly. Apply a thin layer of the product over affected area twice daily (morning and night) or as directed by a doctor. Gently file the nail to make it thinner and remove debris, being cautious not to harm the nail bed. For best results, file nails every 2-3 days. 2. Supervise children in the use of this product. For athlete's foot: Pay special attention to spaces between the toes; wear well-fitting, ventilated shoes, and change shoes and socks at least once daily. To prevent athlete's foot, apply once or twice daily (morning and/or night). For toe fungus, apply to skin around the nail and cuticle. Visible improvement may be seen in as little as 7 days. Continue regular use to help prevent fungus regrowth.

For external use only. Do not use on children under 2 years of age unless directed by a doctor. When using this product, avoid contact with the eyes. Stop use and ask a doctor if irritation occurs or if there is no improvement within 4 weeks.

irritation occurs or if there is no improvement within 4 weeks.

Twice each day,(1ml)each time.7 days supply
