

PVP SCRUB SOLUTION- povidone iodine solution
McKesson Medical-Surgical Inc.

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Antiseptic

For external use only

Do not • heat prior to application • use on individuals who are allergic or sensitive to iodine

If swallowed, get medical help or contact a Poison Control Center right away

Do not store above 77°F (25°C) - Do not store below 68°F (20°C)

Not made with natural rubber latex

Disodium Phosphate, Glycerin, Hydroxy Ethyl Cellulose, Monoethanolamine, N-Dodecyl Sulfate,
Purified Water

Povidone-Iodine, 7.5% (equivalent to 1% available iodine)

-Washing whenever a germicidal soap is required

-Maximum degerming of hands

A. For Preoperative Washing by Operating Personnel

1. Wet hands with water. Pour about 5 cc (1 teaspoonful) of PVP Scrub Solution on the palm of the hand and spread over both hands. Without adding more water, rub the Scrub thoroughly over all areas for about five minutes. Use brush if desired.

2. Clean thoroughly under fingernails. Add a little water and develop copious suds. Rinse thoroughly under running water. Complete the wash by scrubbing with another 5 cc of PVP Scrub Solution in the same way.

B. For Preoperative Use on Patients

After the skin area is shaved, wet it with water. Apply PVP Scrub Solution (1 cc is sufficient to cover an area of 20-30 square inches), develop lather and scrub thoroughly for about five minutes. Rinse off by aid of sterile gauze saturated with water. The area may then be painted with PVP Scrub Solution and allowed to dry.
