

**NATUCURE HEMORRHOID- lidocaine 4% phenylephrine hcl 0.25%
hemorrhoid cream
Jiangxi Yudexi Pharmaceutical Co., LTD**

85248-044

Active Ingredient

Lidocaine 4% Phenylephrine HCL 0.25%

Purpose

Analgesic (pain relief) Vasoconstrictor

Use

Temporarily shrink hemorrhoidal tissue, relieving pain, soreness, burning, itching, and discomfort associated with hemorrhoids.

Warnings

For external use only, including the skin around the anal canal.

Do not use

Do not put this product into the rectum.

When Using

When using this product do not exceed recommended daily dosage unless directed by a doctor, when using finger cots or an applicator, apply externally to the skin of the anal canal only.

Stop Use

Ask a doctor before use if you have allergies to any of the components of this product, difficulty in urination due to enlargement of the prostate gland, diabetes, heart disease, high blood pressure, thyroid disease, or presently taking a prescription for high blood pressure or depression.

Ask Doctor

Stop use and ask a doctor if condition worsens or does not improve within seven days, bleeding occurs, an allergic reaction develops, the symptom being treated does not subside or if redness, irritation, swelling, pain or other

symptoms develop or increase.

Keep Out Of Reach Of Children

If swallowed, seek medical help or contact a Poison Control Center right away.

Directions

Children under 12 years of age consult your pediatrician. Adults: apply to affected area up to 3 times daily. Clean affected area with mild soap and warm water, rinse thoroughly, and then gently dry (patting or blotting) with tissue or soft cloth before use.

To use dispensing cap, attach it to tube, lubricate well then gently insert part way into anus and squeeze tube to deliver medication. Thoroughly cleanse dispensing cap after use with mild soap and warm water and rinse thoroughly.

Other information

If pregnant or breast-feeding, ask a health care professional before use.
