When using this product

- do not use for more than four days
- avoid contact with the eyes. If accidental contact with the eyes occurs, flush eyes with water and consult a doctor
- if excessive earwax remains after the use of this product, consult a doctor

Keep out of the reach of children

If swallowed, get medical help or contact a Poison Control Center right away.

Directions FOR USE IN THE EAR ONLY

- **Adults and children over 12 years of age:**
- Tilt head sideways and place 5 to 10 drops into ear.
- Tip of applicator should not enter ear canal.

- Keep drops in ear for several minutes by keeping head tilted or placing cotton in the ear.
- Use twice daily for up to 4 days if needed, or as directed by a doctor.
- Any earwax remaining after treatment may be removed by gently flushing the ear with warm water, using a soft rubber bulb ear syringe.
- When the ear canal is irrigated, the tip of the ear syringe should not obstruct the flow of water leaving the ear canal.
- **Children under 12 years:** consult a doctor.

Other information

- Protect from heat and direct sunlight
- product foams on contact with ear wax due to release of oxygen, there may be associated cracking
- Keep cap on bottle when not in use.
