Defend Elite

Defend Elite

DESCRIPTION:

Defend- Elite™ is a sprayable iodine based barrier teat dip designed to aid in the prevention and spread of mastitis causing organisms.

DIRECTIONS:

Use at Full-Strength

Pre-Dipping: Just prior to milking, make sure teats are clean and dry. Dip, spray or foam teats with

a ProActive Solutions Pre or Pre & Post teat dip to base of udder. Allow 15 - 30 seconds of contact

time. Dry with a single service towel before attaching milking units. If using dip cups, replace solution

if it becomes visibly dirty. Post-Dipping: Immediately after milking, dip or spray teats with undiluted

Defend- Elite™ sprayable iodine barrier teat dip. Cover teats to the base of the udder.

Allow to air dry.

If using dip cups, re-place solution if it becomes visibly dirty. During cold weather, do not turn cows

out until the teats are dry to prevent chapping and freezing. If necessary, wipe dry with single service

towel.

Replace the solution if it becomes visibly dirty.

Hazard statement(s): May be harmful if swallowed. May cause eye irritation.

Precautionary statement(s): Do not eat, drink or smoke while using this product. Wear protective gloves, clothing, and eye and face protection.

Hazards not otherwise classified: None Known.

First Aid:

General Advice: May cause eye irritation with corneal injury and result in impairment of vision.

External: If irritation occurs, flush with plenty of cool, running water for at least 15 minutes

while removing contaminated clothing and shoes. Wash clothing before reuse.

Eyes: Immediately flush with plenty of cool, running water. Remove contact lenses; then continue flushing for at least 15 minutes, holding eyelids apart. Call a physician.

Internal: Call a physician immediately. If swallowed, do not induce vomiting. Rinse mouth, then immediately drink one or two large glasses of water or milk. Never give anything by

mouth to an unconscious person.
 Inhalation of vapors: Should not occur with proper use of this product.
 Most important symptoms/effects, acute and delayed: None Known.
 Immediate medical attention and special treatment needed, if any: None Known.
