Sprayable Sanitizing Iodine Barrier Dip

ProActive Solutions® USA, LLC • 301 Bridge Street • Green Bay, WI 54303

800.279.7761 www.proactivesolutionsusa.com

Caution:

Hazard statement(s): May be harmful if swallowed. May cause eye irritation.

Precautionary statement(s): Do not eat, drink or smoke while using this product. Wear protective gloves, clothing, and eye and face protection.

Hazards not otherwise classified: None Known.

Storage and Disposal: Store in a well-ventilated place. Keep cool. Dispose of contents/ container in accordance with licensed collector's sorting instructions.

First Aid:

General Advice: May cause eye irritation with corneal injury and result in impairment of vision.

External: If irritation occurs, flush with plenty of cool, running water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing before reuse.

Eyes: Immediately flush with plenty of cool, running water. Remove contact lenses; then continue flushing for at least 15 minutes, holding eyelids apart.

Call a physician.

Internal: Call a physician immediately. If swallowed, do not induce vomiting.

Rinse mouth, then immediately drink one or two large glasses of water or milk.

Never give anything by mouth to an unconscious person.

Inhalation of vapors: Should not occur with proper use of this product.

Most important symptoms/effects, acute and delayed: None Known.

Immediate medical attention and special treatment needed, if any: None Known.

DESCRIPTION:

EDX-1000™ is an iodine based teat dip designed to aid in the prevention and spread of mastitis causing organisms.

DIRECTIONS:

Use at Full-Strength

Pre-Dipping: Just prior to milking, make sure teats are clean and dry. Dip, spray or foam teat with undiluted EDX 1000™. Dip to base of udder. Allow 15 - 30 seconds of contact time. Dry with a single service towel before attaching

milking units. If using dip cups, replace solution if it becomes visibly dirty.
 Post-Dipping: Immediately after milking, dip, spray or foam teat with undiluted EDX 1000™. Dip to the base of the udder. Allow to air dry. If using dip cups, replace solution if it becomes visibly dirty. During cold weather, do not turn cows out until the teats are dry to prevent chapping and freezing. If necessary, wipe dry with single service towel.

Replace the solution if it becomes visibly dirty.
