

ANTIFUNGAL- clotrimazole cream
Dynarex Corporation

1231-C, 1233-C Antifungal Cream

Active ingredient

Clotrimazole USP 1%

Purpose

Antifungal

Uses

- For the treatment of most athlete's foot (tinea pedis), jock itch (tinea cruris), and ringworm (tinea corporis)
- Relieves itching, scaling, burning, redness, soreness, irritation, discomfort, and chafing associated with jock itch and itching, burning feet

Warnings

- **Do not use on children under 2 years of age unless directed by a doctor**
- For external use only
- Avoid contact with eyes

Stop use and ask a doctor if

- Irritation occurs or if there is no improvement within 4 weeks, discontinue use and consult a doctor for athlete's foot and ringworm.
- Irritation occurs or if there is no improvement within 2 weeks, discontinue use and consult a doctor for jock itch.

Keep out of reach of children

If swallowed, get medical help or contact a Poison Control Center (1-800-222-1222) right away

Directions

- Clean the affected area and dry thoroughly. Apply a thin layer over affected area twice daily (morning and night) or as directed by a doctor.
- Supervise children in the use of this product.
- For athlete's foot: pay special attention to spaces between the toes; wear well-fitting, ventilated shoes, and change shoes and socks at least once daily.
- For athlete's foot and ringworm; use daily for 4 weeks.
- If condition persists longer, consult

a doctor. • This product is not effective on the scalp or nails.

Other information

- Store at controlled room temperature 20°-25°C (68°-77°F)
- **Tamper evident. Do not use if seal is damaged.**

Inactive ingredients

ceteth-20, cetostearyl alcohol, light mineral oil, methylparaben, propylene glycol, propylparaben, purified water, petrolatum

Label 1231-C
