

PREPAKU FENBENDAZOLE CANINE DEWORMER- fenbendazole granule Shenzhen Zhenshangzekai Technology Co., Ltd.

Febendazole

Lactose Monohydrate, Maize Starch, Magnesium Stearate.

Keep out of the reach of children.

Consult your veterinarian for assistance in the diagnosis, treatment, and control of parasitism.

Dosage: The daily dose is 50 mg/kg (22.7 mg/lb) of body weight.

Not for use in humans

When using this product: Safe for use in puppies 6 weeks or older and adult dogs, including pregnant bitches. Do not deworm a dog or puppy that is sick. Consult your veterinarian for diagnosis of the illness.

Instructions: Give to your dog by mixing the daily dose with a small amount of the usual food. Make sure your dog eats all of the medicated food. You may need to moisten dry dog food to aid mixing.

Course: Repeat the daily dose for three days in a row.

Dosing Table:

10 lbs: 1 gram packet

20 lbs: 2 gram packet

30 lbs: 1 gram + 2 gram packets

40 lbs: 4 gram packet

Over 40 lbs: Use combinations to obtain recommended daily dose.
