

ILIDERM RX SKIN EMULSION- dressing, wound, drug
Levins Pharmaceuticals, LLC

Iliderm Rx Skin Emulsion

DESCRIPTION

Iliderm Rx Skin Emulsion is a water-based topical skin care emulsion that is indicated to manage and relieve the burning and itching experienced with various types of dermatoses, including atopic and allergic contact dermatitis. Iliderm Rx Skin Emulsion contains natural extracts to moisturize the skin.

INDICATIONS FOR USE

As a prescription topical skin care emulsion to manage and relieve the burning and itching experienced with various types of dermatoses, including atopic and allergic contact dermatitis. Iliderm Rx Skin Emulsion helps maintain a moist wound and skin environment, which is beneficial to the healing process.

CONTRAINDICATIONS

Iliderm Rx Skin Emulsion is contraindicated in persons with a known hypersensitivity to any of the components of the formulation.

PRECAUTIONS

Iliderm Rx Skin Emulsion is for external use only.

Do not freeze

Product should not be used prior to MRI imaging, as it contains silver nanoparticles that can cause heating during these procedures.

Iliderm Rx Skin Emulsion does not contain sunscreen.

If the condition does not improve within 10 days, consult a physician.

If clinical signs of infection are present, appropriate treatment should be initiated; use of Iliderm Rx Skin Emulsion may be continued during anti-infective therapy.

Keep this and other similar products out of the reach of children.

DIRECTIONS FOR USE

Apply a small amount of Iliderm Rx Skin Emulsion in sufficient quantity to cover the affected skin area to be protected, and allow to dry. Reapply up to 4 times per day (or as needed).

INGREDIENTS

Deionized water, copolymer, vegetable oils from African palms, lidocaine HCl (less than 1%), and silver nanoparticles (as a preservative)

HOW SUPPLIED

Iliderm Rx Skin Emulsion is available in a 250 ml bottle.
