Advance Acne Care Swab

Drug Facts

Active Ingredients

Advance Acne Care Swabs step 1

Silver 0.001%

Advance Acne Care Swabs Step 2

Salicylic Acid 2.0%

Purpose

For skin acne medication

Uses

When using this product. Avoid contact with eyes. If contact occurs, flush thoroughly with water. Using other topical acne medications at the same time or immediately following use this product may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a doctor. Do not insert in the canal.

Keep out of reach of children

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Do not use if label seal is broken prior to purchase. Keep swabs in original container when not in use. Treatment Swabs have a red color band.
- Use Cleansing swab to cleanse the skin thoroughly before applying medication.
- Hold the swab vertically, with the color ring band tip upwards.
- Bend the tip at the color band to one side until it snaps. Medicine will flow to the other end.
- Cover the entire affected area with a thin layer 1 to 3 times daily. Discard swab after use.
- Each swab can be used on multiple pimples.
- Because excessive drying of the skin may occur start with 1 application daily then gradually increase to 2 or 3 times daily if needed, or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Warnings

For external use only.

Other information

Avoid storing at excessive heat.
