

PCA SKIN INTENSIVE PIGMENT ERASER- hydroquinone gel

PCA Skin

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

PCA Intensive Pigment Eraser

Active Ingredient

Hydroquinone 2%

Purpose: Skin Lightener

Indications

For gradual fading of discolorations of the skin such as freckles, age and liver spots, pigment in the skin that may occur from pregnancy or the use of oral contraceptives.

Warnings

For External use only.

When using this product

- Avoid contact with the eyes.
- Some users of this product may experience a mild skin irritation.
- Do not use on children under 12 years of age unless directed by a physician

Stop use and consult a physician

If skin irritation becomes severe.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

Adults: Apply a small amount as a thin layer on the affected area twice daily or use as directed by a physician.

- If no improvement is seen after 3 months of treatment, use of this product should be discontinued.
- Lightening effect of this product may not be noticeable when used on very dark skin.
- Sun exposure should be limited by using a sunscreen agent or protective clothing when using or after using this product in order to prevent darkening from recurring.

Other Ingredients

Water, PEG-12 Glyceryl Dimyristate, Isododecane, Niacinamide, 1,2 Propanediol, Glycerin, Caprylic/Capric Triglyceride, Tapioca Starch, Polymethylsilsesquioxane, PEG-8, Dimethicone, Panthenol, Cetearyl Alcohol, Glyceryl Stearate, PEG-100 Stearate, Polysilicone-11, Sodium Phytate, Coco-Caprylate/Caprate, Ammonium Acryloyldimethyltaurate/VP Copolymer, Hexyl Resorcinol, PEG-23 Glyceryl Distearate, Phenoxyethanol, Retinol, Tocopheryl Acetate, Polysorbate 20, Sodium Polyacrylate, Butylene Glycol, Bisabolol, Palmeria Palmata Extract, Caprylyl Glycol, Mentha Piperita (Peppermint) Extract, Ceramide NP, Xanthan

Gum, Chlorphenesin, Ethylhexyl Stearate, Hydrolyzed Ceratonia Siliqua Seed Extract, Avena Sativa (Oat) Kernel Extract, Trideceth-6, Decyl Glucoside, Propyl Gallate, Pentylene Glycol, Citrus Grandis (Grapefruit) Peel Oil
Citric Acid

R-OH | retinol solutions

Formulated using the 10-hour OmniSome delivery technology, carrying skin-improving ingredients deeper into the skin for superior results.

- 2% hydroquinone lightens and prevents the formation of hyperpigmentation
- 1% retinol increases cell turnover for a more even skin tone
- Powerful spot treatment for all forms of hyperpigmentation

intensive pigment eraser

effaceur intensif de pigment

- spot treatment
- 2% hydroquinone
 - 1% retinol

hyperpigmentation

Treat hyperpigmentation with this powerful, triple-action hydroquinone spot treatment. Retinol and key soothing agents leave skin even, smooth and more radiant.
