HEMATRON AF is a multi-vitamin / multi-mineral dietary supplement indicated for use in improving the nutritional status of patients with iron deficiency†

†This statement has not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease.

WARNING Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6 years of age. **KEEP THIS PRODUCT OUT OF REACH OF CHILDREN.** In case of accidental overdose, call a doctor or poison control center immediately.

DO NOT USE with individuals with a known hypersensitivity to any of the ingredients. Patients with hemochromatosis and hemosiderosis are contra-indications to iron therapy. This product is not for use in children under 12 years of age.

CAUTION

This product contains 1 mg folic acid, the maximum safe Reference Daily Intake (RDI) amount for this nutrient. Folic Acid alone should not be used for individuals with pernicious anemia and other megaloblastic anemias where Vitamin B-12 is deficient. Folic acid in amounts above 0.1 mg daily may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations progress. Pregnant Women, nursing mothers or women prior to conception who take **HEMATRON AF** should take this supplement only after their medical condition and other drugs, herbs and / or supplements consumption are considered. Use for elderly individuals should be cautious due to the greater frequency of decreased hepatic, renal, or cardiac function.

ADVERSE REACTIONS:

Allergic sensitization has been reported following both oral and parenteral administration of folic acid.

DIRECTIONS FOR USE

One caplet daily with or without food or as prescribed by your healthcare provider.

STORAGE

Store at room temperature, USP.
